OUTER BURIAL CONTAINER PRICE LIST

These prices are effective as of January 1, 2006
but are subject to change without notice.

In most areas of the country, no state or local law makes you buy a container to surround the casket in the grave. However, many cemeteries ask that you have such a container so that the grave will not sink. Either a Burial Vault or a grave liner will satisfy these requirements.

DESCRIPTIONS:

GRAVE BOX **\$ 595.00**

The Concrete Grave Box offers the least amount of protection. It is unsealed and is designed only to support the weight of the earth. It has a two piece cover.

ROYAL VAULT **\$ 899.00**

The Royal is the entry level vault. It is unlined and therefore offers a minimum amount of protection. It has a sealing compound which bonds the base and cover into a single unit.

SENTINEL VAULT **\$ 1,390.00**

The Sentinel is the entry level vault in the Eagle warrantied line. The Sentinel has a seamless polystyrene inner liner and is Bonded to high strength, reinforced concrete. It is the minimum lined vault. It has a butyl rubber sealing compound which bonds the base and cover into a single unit. Approximate weight: 2300 lbs.

VANGUARD VAULT **\$ 1,670.00**

The Vanguard is the next step in the Eagle line. It has a heavier raised lid, Six casket-style, larger decorative handles and an engraved name/date plaque with matching religious or fraternal insignia. Approximate weight: 2400 lbs.

SEVILLE VAULT **\$ 1,800.00**

The Eagle Seville features and extra thick polystyrene inner liner with the look of white marble bonded to reinforced concrete. A butyl rubber sealing compound bonds the base and cover into a single unit. A hand brushed two-tone finish enhances the marble look of the inner liner. Approximate weight: 2500 lbs.

CORINTHIAN VAULT **\$ 2,650.00**

The Eagle Corinthian is a unique triple walled concrete burial vault. The Corinthian features a Granite polystyrene outer shell, combined with a special laminated cover sheet to capture the beauty, richness and feel of polished granite. This outer shell is then bonded to high strength concrete along with a matching inner liner. The Granite liner covers the vault inside and out for three layers of strength and durability. As with all of the Sentinel line a butyl sealing compound and tongue and groove design secure base and cover into a single unit. Approximate Weight: 2500 lbs.

REGENCY VAULT **\$ 3,200.00**

The Eagle Regency features a 26 gauge STAINLESS STEEL liner bonded to a polystyrene inner liner. A matching stainless steel cover shield is also installed for a brilliant and durable resistant finish. PANTHEON **\$ 3,600.00**

The Eagle Pantheon features a 16 gauge highly polished COPPER liner bonded to a polystyrene inner liner. A matching Copper cover shield is also installed for a brilliant and durable resistant finish.
