RE: Request for Advisory Ruling

Dear Chairman Cartmell-Sirrico:

This will serve as a formal request to the Board of Registration in Embalming and Funeral Directing for an Advisory Ruling regarding the following:

3.13: Code of Conduct and Professional Ethics

(11) No person who is registered with the Board, nor any person who holds an ownership interest in or is employed by any funeral establishment licensed by the Board, shall make the rendering of professional services dependent upon the amount of money paid or the certainty of payment.

We respectfully seek the opinion of the Board. We have been advised that the Department of Transitional Services is, in some instances, referring to this section of the regulations to require funeral establishments to provide services funded by that Department. As you well know, this is done at a reimbursement amount that is inadequate to meet the actual costs of delivery of the services and merchandise required by the current Massachusetts statute.

In prior conversations with the Board, representatives of our organization have been told that this regulation applies only after a contractual agreement has been reached by the parties involved.

As a result of these conflicting opinions, we would appreciate your guidance by means of an Advisory Ruling.

Thank you.

Sincerely,

MASSACHUSETTS FUNERAL
DIRECTORS ASSOCIATION
